EXPERIENCE

- **UX Designer – Househappy.org**
November 2013 - July 2015, Portland, OR
 - Apply user-centered design practices to create cohesive and intuitive experiences
 - Deep cross team collaboration between design, development, and product
 - Translate business requirements into storyboards, user journeys, task flows, sketches, wireframes, clickable prototypes, animations, interface guidelines / specifications, design standards/ patterns and into a finished product
 - Regularly present wireframes, prototypes, and comps to stakeholders in a strategic and persuasive manner
 - Develop designs that follow a clear and easy-to comprehend information hierarchy
 - Develop interfaces with HTML/CSS and maintain a DRY code base
 - Maintain styleguide and components
- **UX Designer – Freelance**
June 2013 - November 2013, New York, NY
 - Translate design ideas into workable, cross compatible layouts using HTML/Scss
 - Design and develop using responsive design best practices that allow for all end-user screen resolutions and device types
 - Use a content first design process to create a compelling product
